Godfrey suggested that the status of the Israeli-Jordanian crisis will permit stopping publication of periodic situation reports. The Director agreed.

Godfrey reported that Bromley Smith had indicated that the interim memorandum on [REDACTED] was well received by the President and suggested a post-mortem on the Operation. Bromley Smith had said there is no rush, and Godfrey suggested that preparation of a memorandum be delayed until the full returns are in. The Director agreed.

Kent asked the Director about the proposed agenda for his meeting with the Joint Chiefs on 30 November. The Director said he will address himself to only two of the questions (OCI and ONE will prepare joint drafts) and the question of intelligence requirements. The Director indicated that he would like the OCI/ONE drafts tomorrow.

Carver called the Director's attention to an outgoing cable on the Communist cease-fire proposals. He informed the Director of answers and action in train on interest expressed by Moyers' office on analysis of the bombing in North Vietnam.

In reply to a question, Warner assured the Director that a file is being maintained on the Agency's briefings of congressmen on overseas trips.

The Director indicated to Bross that he would like to get together with him, perhaps tomorrow, on the upcoming PFIAB meetings.

A-DD/S&T reported that the TACKLE mission Friday night had been successfully executed and that another will be scheduled in the next few days.

A-DD/S&T outlined the satellite reconnaissance launch schedule and remarked on a Soviet space effort launched at 6 a.m. EST this morning.

25X1

DD/P reported that the briefing for Senator Jackson in Saigon is in hand. He called attention to an outgoing cable to [redacted] and reminded that the head of the service will be at Headquarters today.

The Director initiated discussion on a State cable from Moscow on Soviet leadership and a news article by Marshall Shulman on Soviet policies.
